HAWAIIANS IN LONDON

At Christian Endeavor Convention.

HONOLULU HAS DELEGATES

Dr. and Mrs. J. M. Whitney and Miss Whitney There and Possibly Theodore Richards.

Hawaii is well represented at the great Christian Endeavor convention at London. Three well known Honoluluans, Dr. and Mrs. J. M. Whitney and Miss Ada R. Whitney are there to represent the Islands and it is possible that Theodore Richards, president of the Hawaiian C. E. Union may be in attendance as he hoped to be able to be in London at the time the convention met.

Thousands of delegates are at the convention according to the reports from London. Arrangements on a magnificent scale had been made for the transportation of the American delegates. The steamer Saale of the North German Lloyd line had been chartered and 700 Christian Endeavorers were to go in her. But a few days before the date set for their departure the handsome big vessel was burned at the docks of the company at Hoboken, many persons perishing in her, and as a result it seemed for a time as though none of the American delegates who were flocking to the East from all over the Union would be able to secure passage, for every departing ship has been loaded to her capacity all the present summer. Secretary Baer of the organization finally after a whole day's pleading succeeded in securing a berth on one of the outgoing steamers. Fourteen trustees and speakers left on another steamer and after the hardest kind of hard work the Cunarder Utonia was secured to take the place of the burned Saale. It was claimed by a representative of one of the steamship companies that a million dollars in gold would not secure a steamer but the Endeavorers succeeded and reached London only a day or so late for the convention.

President F. E. Clark was at the opening meetings although there had been grave doubts whether he would reach London in time. Rev. F. E. Clark has just finished a four months' trip in Japan and China where he has addressed something like a hundred and fifty meetings. He left Peking for London via the Siberian Railway two weeks before the attack on the legations and when the first news of the trouble there was cabled to America the latest report from him was that he was in the heart of the "Boxer" country, had been obliged to carry a rifle and that the fanatical mob was shouting around the missionary home where he was writing. He succeeded in reaching the Russian railway in safety.

OFFICIAL NAME IS NOW THE CAPITOL

Executive Building so Designated—The Governor's Council.

By a resolution of the Governor's council yesterday the executive building was formally named the "Capitol," a designation adopted by the Advertiser immediately upon the admission of Hawaii as a Territory on June 14th. Superintendent McCandless of the Public Works department reported on the work of extending streets and widening streets. He said that some difficulty had been experienced in securing the land in Chinatown for the extension of Kukui street and he was authorized to proceed for the condemnation of such property as would be necessary. He reported likewise that Vineyard street would soon be extended to Liliha, and he told of the work which has been done towards widening Waikiki road saying that property owners had favored the project and would sell their property at moderate rates.

The Hawaiian Electric Company applied for permission to drill a well on the property of the Sailor's home but it was not granted pending the securing of a permit from the Road department to lay a pipe line across the street.

The application of the Hilo railway to extend its lines from Waiakae to Puna was referred to the petitioners for further details as to their plans.

Aki and company of Waimea, South Kohala, Hawaii, for a light wine and beer license was referred to Sheriff Andrews for a report.

The application of the Orpheum company to reduce the number of its stockholders from fourteen to seven was approved.

HOW THEY INTEND TO SPEND FUNDS

Independent Leaders Plan to Loot the Treasury Quickly.

"The solid three"—Robert Wilcox, Kahuokalani and J. K. Kauiha have adopted campaign tactics which they believe are sure to win them votes and send them to the Legislature with colors flying. It is reported, on the authority of a gentleman well posted as to their movements and plans, that they have promised all the Chinese voters and residents who have claims against the government for the sanitary fires which occurred during the plague epidemic, that they will, if elected to the Legislature, see that these claims are paid in full.

On these promises the campaign fund for the "solid three" is said to be rising steadily, and the Chinese are now banking their hopes and money on the Independents.

..TEAS..

INDIA, Ceylon, FORMOSA OOLONG, ENGLISH BREAKFAST, ANGE PEKOE, PAN FIRED JAP (or GREEN), BASKET PICKED (or BLACK LEAF), NATURAL LEAF (or SUN DRIED), YOUNG SON, GUNPOWDER, Etc.

And any blend that the most fastidious taste may demand.

To some unfortunates any hot discolored decoction of withered leaves, tendering our profound compassion to this class of persons, we appeal to those who love a good cup of real tea.

Few good judges of tea are entirely satisfied with the qualities of any one brand of tea, and seek to supply deficiencies by a mixture of teas, technically called "blending."

With our experience of teas we can do this better than an amateur, our large knowledge of teas guiding us with comparative ease when the mere amateur blunders. If you are still looking for a tea that you, let us help you. We carry the most complete line of teas in the country.
